**Subject:** Request for input on Pebble EIS focused technical meetings  
**Attachments:** EPA Comments on Pebble Pre-FEIS

Hi Pebble EIS team water, air, and spill subject matter experts –

We will be having a meeting with the Corps within the next week or two to discuss our key remaining concerns based on PFEIS comments. **Ex. 5 Deliberative Process (DP)**

**Ex. 5 Deliberative Process (DP)**

**Ex. 5 Deliberative Process (DP)** The purpose of the meeting is to focus on our most significant remaining concerns and understand how the Corps/AECOM is planning to respond to these issues in the Final EIS. That will help us with review of the FEIS.

The current list of topics for discussion includes the following (these are the key concerns that we highlighted in our PFEIS comments submitted to the Corps – see attached):

**Ex. 5 Deliberative Process (DP)**

Please let me know by COB today if possible, if there are additional comments (provide subject and row #) that you would like to discuss during the meeting.

Also please make sure that your outlook calendar is up-to-date since I will be using your calendars to provide the Corps with a list of proposed meeting times that work for us.

Thanks –  
Patty
